Notice of Intent to Reissue a Hazardous Waste Facility Permit

The Kansas Department of Health and Environment and Region VII of the U.S. Environmental Protection Agency are providing public notice of the intent to revoke, modify and reissue the Resource Conservation and Recovery Act (RCRA) hazardous waste facility permit issued to the Systech Environmental Corporation, Fredonia. A draft permit has been prepared to address these actions and is available for public review.

Systech is a company wholly owned by the Lafarge Corporation. Systech operates a commercial hazardous waste storage facility at Fredonia. Lafarge owns and operates a cement plant located next to the Systech facility. Hazardous wastes are received, stored and blended into a hazardous waste derived fuel at the Systech facility. Systech transfers the hazardous waste derived fuel to the Lafarge cement plant where it is burned in cement kilns as supplemental fuel.

In 1984, two separate hazardous waste storage permits were issued for the operations at the Fredonia Systech facility—a state permit from KDHE and a federal permit from EPA. Both state and federal permits were issued because, at that time, Kansas had not yet received final authorization from EPA to implement the state's own hazardous waste program, in lieu of the federal program. On October 17, 1985, KDHE received final authorization from EPA, except for those portions of RCRA covered by the 1984 Hazardous and Solid Waste Amendments (HSWA). The EPA has retained authority for the HSWA provisions until such time as KDHE receives final authorization for these provisions.

In 1991, Systech requested a permit modification to add 24 new waste codes and to expand its hazardous waste container and tank storage facilities. The addition of the 24 new waste codes will allow Systech to manage wastes defined by a new regulatory procedure. Expansion of the hazardous waste storage facilities would increase the permitted container storage capacity from 26,620 to 303,600 gallons and increase the permitted tank storage capacity from 490,000 to 843,000. The total permitted hazardous waste storage capacity would be increased from 516,620 to 1,146,600 gallons.

Neither of the original permits contained HSWA provisions; therefore, having received final authorization, KDHE is now solely authorized to revoke, modify and re-issue both the original KDHE and EPA permits. The draft permit prepared to address the proposed modifications will, however, contain both HSWA and non-HSWA provisions. Therefore, issuance of the draft permit requires a joint KDHE/EPA action. KDHE's portion of the draft permit (Part I) covers the non-HSWA provisions. These include construction, operation and maintenance of the hazardous waste container and tank storage facilities. EPA's portion of the draft permit (Part II) covers the HSWA provisions which include

the land disposal restrictions, corrective action for releases from solid waste management units (SWMU), waste minimization, newly listed hazardous wastes and fugitive emissions from hazardous waste process units.

A 45-day public comment period (February 18 to April 5) has been established for this permitting action. During the public comment period, the administrative record, which includes the draft permit, the fact sheet, the Part B permit applications, and all relevant correspondence, will be available for public review during normal business hours at the following locations:

Anyone wishing to comment on the proposed draft permit should submit their comments, in writing, postmarked no later than April 5, to John W. Mitchell (KDHE) or Lyndell Harrington (EPA) at the addresses listed above.

A public hearing also will be held in conjunction with the 45-day public comment period at 7 p.m. March 22 at the public library in Fredonia. All interested citizens are invited to attend and participate in the public hearing.

At the end of the public comment period, the KDHE secretary and the EPA-Region VII Director of Waste Management shall make a final decision on the draft permit. In making the final decision, the KDHE secretary and the EPA director will take into consideration all written comments received during the public comment period, all verbal comments made at the public hearing, and all KDHE/EPA hazardous waste rules, regulations and hazardous waste permitting policies. Notice of the final decision will be sent to the applicant and to all who submitted written comments or requested notice of the final decision.

* Adjustment of Issue Size

The district reserves the right on the date of the award to, in its sole discretion, increase or decrease the total principal amount of the bonds, depending on the interest rates bid and the issue prices specified, in order to properly structure the escrow account for the bonds to be refunded. Principal maturities will be increased or decreased at the discretion of the district. The aggregate size of the issue may be increased or decreased by not more than \$27,500. The successful bidder may not withdraw its bid or change the interest rates bid as a result of any changes made to the principal amount of the bonds as described herein. In the event there is an increase or decrease in the final aggregate principal amount of the bonds or in the principal amount per maturity as described above, the successful bidder will be notified in writing of such increases or decreases.

Bond Details

The bonds will consist of fully registered bonds without coupons in the denomination of \$5,000 or any integral multiple thereof. The bonds will be dated March 1, 1993, and will become due serially on September 1, in the years as follows:

The bonds will bear interest at rates to be determined when the bonds are sold as hereinafter provided, which interest will be payable semiannually on March 1 and September 1 in each year, beginning on September 1, 1993.

Place of Payment and Bond Registration

The principal of and interest on the bonds will be payable in lawful money of the United States of America by check or draft of the Kansas State Treasurer, Topeka, Kansas (the paying agent and bond registrar). The principal of the bonds will be payable at maturity or upon earlier redemption to the registered owners upon presentation and surrender of the bonds at the office of the paying agent. Interest on the bonds will be paid by check or draft mailed by the paying agent to the persons in whose names the bonds are registered on the registration books maintained by the bond registrar at the close of business on the record date for such interest, which shall be the 15th day (whether or not a business day) of the calendar month next preceding such interest payment date.

The district will pay for the fees of the bond registrar for registration and transfer of the bonds and will also pay for printing a reasonable supply of registered bond blanks. Any additional costs or fees that might be incurred in the secondary market, other than fees of the bond registrar, will be the responsibility of the

bondholders.

Redemption of Bonds Prior to Maturity

At the option of the district, bonds maturing on September 1, 2002, and thereafter will be subject to redemption and payment prior to maturity on September 1, 2001, and thereafter in whole or in part on any interest payment date (bonds of less than a single maturity to be selected by lot in multiples of \$5,000 principal amount by the paying agent and bond registrar

in such equitable manner as it shall designate), at the principal amount thereof, plus accrued interest to the

redemption date, without premium.

Whenever the district is to select the bonds for the purpose of redemption, it shall, in the case of bonds in denominations greater than \$5,000, if less than all of the bonds then outstanding are to be called for redemption, treat each \$5,000 of face value of each such fully registered bond as though it were a separate bond of the denomination of \$5,000.

If the district shall elect to call any bond for redemption and payment prior to the maturity thereof, the city shall give written notice of its intention to redeem and pay said bonds on a specified date, the same being described by number and maturity, said notice to be mailed by United States registered or certified mail addressed to the paying agent and bond registrar, and to the manager or managers of the underwriting account making the successful bid, each of said notices to be mailed at least 30 days prior to the redemption date. Thereafter, the paying agent and bond registrar will notify the owners of the bonds of the district's redemption call by United States mail, postage prepaid. If any bond be called for redemption and payment as aforesaid, all interest on such bond shall cease from and after the date for which such call is made, provided funds are available for its payment at the price hereinbefore specified.

Conditions of Bids

Proposals will be received on the bonds bearing such rate or rates of interest as may be specified by the bidders, subject to the following conditions: The same rate shall apply to all bonds of the same maturity. Each interest rate specified shall be a multiple of 1/8 or 1/20 of 1 percent. No interest rate shall exceed index of treasury bonds published by The Bond Buyer, successor to MuniWeek, in New York, New York, on the Monday next preceding the day on which the bonds are sold, plus 2 percent. The difference between the highest rate specified and the lowest rate specified shall not exceed 2 percent. No supplemental interest payments will be authorized. No bid of less than the principal amount of the bonds and accrued interest will be considered. Each bid shall specify the total interest cost to the district during the life of the bond issue on the basis of such bid, the premium, if any, offered by the bidder, and the net interest cost to the district on the basis of such bid. Each bid shall also specify the average annual net interest rate to the district on the basis of such bid. Bidders shall specify in the bid form the prices (exclusive of accrued interest), expressed as a dollar price, at which the bidder intends that each maturity amount of the bonds shall be initially offered to the public (the initial reoffering prices). The successful bidder will initially reoffer bonds maturing on and after September 1, 2002, at dollar prices equal to or greater than 100 percent of the principal amount of such bonds.

Basis of Award

The award of the bonds will be made on the basis of the lowest net interest cost to the district, which

will be determined by subtracting the amount of the premium bid, if any, from the total interest cost to the district. If there is any discrepancy between the net interest cost and the average annual net interest rate specified, the specified net interest cost shall govern and the interest rates specified in the bid shall be adjusted accordingly. If two or more proper bids providing for identical amounts for the lowest net interest cost are received, the district shall determine which bid, if any, shall be accepted, and its determination shall be final.

Security for the Bonds

The bonds will be general obligations of the district, payable as to both principal and interest from ad valorem taxes which may be levied, without limitation as to rate or amount on all the taxable tangible property, real and personal, within the territorial limits of the district.

Internal Revenue Code of 1986

The Internal Revenue Code of 1986 imposes requirements on the district which must be met subsequent to the issuance of the bonds by the district and, as a result, the city will and does hereby covenant that it will diligently undertake those steps necessary to maintain the tax-exempt status of the bonds. The district's failure to comply with such requirements could adversely affect the tax-exempt status of the bonds. Purchasers of the bonds should be aware that should the bonds lose their status as tax-exempt obligations as a result of the district's failure to comply with such requirements, the bonds are neither callable nor will the rate of interest on the bonds be adjusted to reflect such circumstances.

The code includes interest on tax-exempt obligations, such as the bonds, in the adjusted current earnings of certain corporations in the calculation of alternative minimum taxable income with certain other adjustments. Furthermore, Section 59A of the code, as added by the Superfund Amendments and Reauthorization Act of 1986, provides for a new environmental tax generally based on corporate alternative minimum taxable income. The amount of the tax is equal to 0.12 percent of the excess of alternative minimum taxable income, without regard to net operating losses and the deduction for this tax, over \$2 million. The environmental tax is imposed whether or not the taxpayer is subject to the alternative minimum tax. The environmental tax may subject certain bondowners to additional taxation for interest earned on the bonds.

The code also requires property and casualty insurance companies to reduce the amount of their deductible underwriting losses by a percentage of the amount of tax-exempt interest received or accrued on such obligations. With the exception of certain "qualified tax-exempt obligations," the code provides that banks and thrift institutions may not deduct any portion of the interest cost of purchasing or carrying tax-exempt obligations such as the bonds. Under Section 265 of the code, the bonds are not and, as such, will

not be designated by the district as "qualified tax-exempt obligations."

Legal Opinion

The bonds will be sold subject to the legal opinion of Nichols and Wolfe Chartered, Topeka, Kansas, bond counsel, whose approving legal opinion as to the validity of the bonds will be furnished and paid for by the district, printed on the bonds and delivered to the successful bidder when the bonds are delivered. Said opinion will also state that in the opinion of bond counsel, assuming continued compliance by the district with the provisions of the resolution authorizing the issuance of the bonds and the code, under existing law, the interest on the bonds is excludable from federal income taxation. Interest on the bonds will also be excludable from the computation of Kansas adjusted gross income.

Delivery and Payment

The district will pay for printing the bonds and will deliver the bonds, without cost to the successful bidder, properly prepared, executed and registered, on or about March 18, 1993, at such bank or trust company in the state of Kansas or greater Kansas City, Missouri, metropolitan area as may be specified by the successful bidder. Delivery elsewhere will be at the bidder's expense. Said bidder will also be furnished with a certified transcript of the proceedings evidencing the authorization and issuance of the bonds and the usual closing documents, including a certificate that there is no litigation pending or threatened at the time of delivery of the bonds affecting their validity and a certificate regarding the completeness and accuracy of the official statement. Payment for the bonds shall be made in Federal Reserve funds, immediately subject to use by the district. The denominations of the bonds and the names, addresses and Social Security or taxpayer identification numbers of the registered owners shall be submitted in writing by the successful bidder to the district and bond registrar not later than 3 p.m. C.S.T. on March 11, 1993. In the absence of such information. the district will deliver bonds in the denomination of each maturity registered in the name of the successful bidder.

The successful bidder shall furnish the district by 3 p.m. C.S.T. on March 5, 1993, a certificate acceptable to the district's bond counsel to the effect that: (i) the successful bidder has made a bona fide public offering of the bonds at the initial reoffering prices, and (ii) a substantial amount of the bonds was sold to the public (excluding brokers and other intermediaries) at such initial reoffering prices. Such certificate shall state that: (1) it is made on the best knowledge, information and belief of the successful bidder, and (2) 10 percent or more in par amount of the bonds of each maturity was sold to the public at or below the initial reoffering prices (such amount being sufficient to establish the sale of a "substantial amount" of the bonds).

Good Faith Deposit

Each bid shall be accompanied by a cashier's or certified check drawn on a bank located in the United

States of America in the amount of \$670,500, payable to the order of the district to secure the district from any loss resulting from the failure of the bidder to comply with the terms of the bid. No interest will be paid upon the deposit made by the successful bidder. Said check shall be returned to the bidder if the bid is not accepted. If a bid is accepted, said check shall be held by the district until the bidder shall have complied with all of the terms and conditions of this notice, at which time said check shall be returned to the successful bidder or deducted from the purchase price at the option of the district. If a bid is accepted but the district shall fail to deliver the bonds to the bidder in accordance with the terms and conditions of this notice, said check shall be returned to the bidder. If a bid is accepted but the bidder shall default in the performance of any of the terms and conditions of this notice, the proceeds of such check shall be forfeited to the district, with the district reserving the right to pursue any consequential damages arising from such default.

CUSIP Numbers

CUSIP identification numbers will be printed on the bonds, but neither the failure to print such number on any bond nor any error with respect thereto shall constitute cause for failure or refusal by the purchaser thereof to accept delivery of and pay for the bonds in accordance with the terms of this notice. All expenses in relation to the assignment and printing of CUSIP numbers on the bonds will be paid by the district.

Optional Municipal Bond Insurance

MBIA has issued a commitment for municipal bond insurance relating to the bonds. The bonds may be purchased with or without this insurance at the option of the successful bidder. All expenses associated with the purchase of the insurance will be the responsibility of the successful bidder. The insurance policy, if purchased, will insure the timely payment of the principal of and interest on the bonds.

Bond Ratings

The outstanding general obligation bonds of the district are rated "A1" by Moody's Investors Service, and the district has applied to Moody's Investor Service for a rating on the bonds herein offered for sale.

Bid Forms

All bids must be made on forms which may be procured from the district clerk. No additions or alterations in such forms shall be made and any erasures may cause rejection of any bid. The district reserves the right to waive irregularities and to reject any or all bids.

Submission of Bids

Bids must be submitted in sealed envelopes addressed to the undersigned district clerk and marked "Proposal for the Purchase of General Obligations Bonds." Bids may be submitted by mail or delivered in person to the undersigned at district's administrative offices, 3705 Clinton Parkway, Lawrence, KS 66046,

and must be received by the undersigned prior to noon C.S.T. on Monday, March 1, 1993.

Date and Delivery of Preliminary and Final Official Statement

The district has authorized the preparation and disbursement of a preliminary official statement containing information relating to the bonds. The preliminary official statement comprises the final official statement required by Rule 15c2-12 of the Securities and Exchange Commission.

The preliminary official statement, when amended to include the interest rates specified by the purchaser and the price or yield at which the purchaser will reoffer the bonds to the public, together with any other information required by law, will constitute a "Final Official Statement" with respect to the bonds as that term is defined in Rule 15c2-12. No more than seven business days after the date of the sale, the district will provide without cost to the purchaser such resonable number of printed copies of the final official statement and further copies, if desired, will be made available at the purchaser's expense. If the sale of the bonds are awarded to a syndicate, the district will designate the senior managing purchaser of the syndicates as its agent for purposes of distributing copies of the final official statement to each participating purchaser. Any purchaser executing and delivering a bid form with respect to the bonds agrees thereby that if the bid is accepted it shall accept such designation and shall enter into a contractual relationship with all participating purchasers for the purpose of assuring the receipt and distribution by each such participating purchaser of the final official statement.

The district will deliver to the purchaser on the date of the delivery of the bonds a certificate executed by the president of the board of education and the district clerk to the effect that the final official statement, as of the date of delivery of the bonds, does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statement made, in the light of the circumstances in which they are made, not misleading.

Copies of the district's preliminary official statement relating to the bonds may be obtained from the district clerk or the district's financial advisor, George K. Baum & Company, 120 W. 12th, Twelve Wyandotte Plaza, Kansas City, MO 64105, 1-800-821-7195.
